

Position Title: Intern (Various Disciplines Available)

Job Description:

Cognetic Technologies' internship program is designed to:

- Provide work experience to students or recent college graduates seeking careers in software engineering, systems engineering, business and program management, and information technology.
- Recruit and develop talented professionals as part of the Cognetic workforce.
- Expose young professionals to Cognetic's core business processes, decision-makers, and customers.

Internship Programs:

Software/Systems Engineering Internship

- Collect and define requirements, translating into functional design
- Review, analyze and evaluate user needs
- Assist in developing, testing, implementation of application systems
- Participate in technical design

Data/Operations Analyst Internship

- Develop analytical tools and processes to enhance performance
- Design measurement procedures, track and assess results and present recommendations
- Maintain systems and data in support of business operations

Business and Financial Internship

- Seek to understand Cognetic's business and its strategy, processes, systems, and inherent risks
- Evaluate and test financial and management controls implemented by management for mitigating risks
- Identify areas for opportunity and collaborate with management to improve financial and management processes
- Prepare financial reports in support of evolving business decisions
- Participate in external financial reporting process
- Evaluate new business opportunities and prepare proposals

Project Manager Internship

- Create and manage schedules for projects, drive results from team members, and monitor the scope and budget of the work
- Gain hands-on experience in a team setting which will build communication, leadership, and facilitation
- Work on a project or program with seasoned project managers while partnering with and learning from other Cognetic employees and customers

Location:

San Diego, CA

Other Requirement:

Applicant must be U.S. Citizen.

Application Process:

Send cover letter and resume to hr@cognetech.com or fax to (760) 630-8101.
